to supper with guest speaker

**Jenn Chen**  
*“Faith in Crisis”*

**On Saturday 13th April 7pm**  
**At Studio 20, Aldinga Shopping Centre**

*Jenn Chen and her husband John were regional leaders for East Asia in their mission organisation. During that time, they have been and led others through a lot of different crises. They are currently on their organisations International leaders team.*

*Jenn Chen is from the US and has been serving overseas in Asia for the last 21 years with her husband and four children. Though life has been full of many highs and lows, God continues to teach Jenn about His love for her and His people. Jenn loves meeting people and especially loves journeying with them, helping them discover the love of God more deeply for themselves. You can find Jenn having coffee with someone she loves, writing stories about life, cleaning her house, and learning to enjoy the moments.*

*A donation to our speaker on the night would be greatly appreciated.*
